The 25’ “Mile High” Restroom Trailer has 5 restroom stalls and 2 hand-wash stations for the women, 2 restroom stalls, 3 urinals, and 2 hand-wash stations for the men. This unit rents for a fee of \$ 2750.00. This unit is 30’ long with the tongue and is 12’6” wide with steps Extended, weighing 10,500 lbs. We require a minimum of 15’ wide to deliver the facilities.

Power Needed: Access to main power source within 25’-50’ of the facility location as well as three 30 amp (four 30 amp required in winter), non-GFI 120-volt circuits are necessary. 3 standard prong outlets are required for summer use and 4 standard outlets are required for winter use. If no power is available a 7500- watt generator can be used which must be provided by the customer.

Water needed: Access to a water source with a minimum of 40-60 PSI within 50’ of the unit is required. A standard minimum 3/4” garden hose fitting is required for water service to the trailer. If power and /or water is not accessible when the trailer is delivered, an additional trip charge may apply for Columbia Potties personnel to come back out to the site and test the power and/or water functionality on the trailer.
